

## A - Presentation Mode

**HDMI:** Insert the cable in your computer

**OR Clickshare:** Insert the dongle into your computer and push on the button

## B - Videoconference Mode

- Insert the **HDMI** cable or the **Clickshare** button, AS WELL AS the **USB cable**, into your computer.
- In your videoconference application (Teams, Zoom,..):
  - a. Go to video settings and select "*Huddly IQ*" for the camera.
  - b. Go to audio settings and select "*Crestron UC Soundbar*" for speaker and microphone.

## C - Troubleshooting

**No image?** Check if the screen is turned on / push on the ON/OFF switch

**No sound?** Check if the correct output device is selected (Sony TV or Clickshare Speaker).
